Now it's "big-time" stuff, assembly line stuff, real Production. I ington, has been promoted to the doesn't mean just one line, to assemble the plane itself; it means a line for each part: fuselage, wing, tail, fin, rudder, aileron, elevator. Then the final assembly;

all the parts, each completed on its own line, coming together—

A rivet-gun is an alarming little that something of the same machine until you become use half a dozen planes being assembled all at once. Not all of these lines are starting off from scratch. They've already been making the wings and stabilizers, the fins and control-stabilizers, the fins and control-stabilizers, the fins and control-stabilizers and that is really that is really

machine until you become acquality as the "Go!" which sets off runners. "Hit it!" "Hit it!" All

voice, be it that of a man or girl. up and down the lines that's what

fifth grade Paul F. Bain, 120 surfaces, and all that is really new is the fuselage and the fitting of these various pieces together to fithe army has been announced.

Surfaces, and all that is really new is the fuselage and the fitting of these various pieces together to make a finished plane. It's, as fittle think the fitting of the army has been announced.

The gun.

That is riveting, when you've got a good rivet-team, who've worked together and know each together tog He is stationed at Camp Grant, Ill. planes go, a little thing, but it (or, more correctly, aluminum alother's "style." That is riveting takes up a lot of room and, in or- loy) are driven cold. The metal when you're "knockin' 'em out" der to arrange the component may appear to be hard as nails and when everything is "on the lines in some semblance of a pat- but it is, in reality, soft chough beam," okay and movin'. That is weather of the world. Axis rotation. brings about definite drifts of air current affecting all weather.

Hope & Star Extra

HOPE, ARKANSAS, TUESDAY, JUNE 6, 1944

Then, at 2:32 a. m. (Hope time) the official Allied communique was released: The Second Front opened Tuesday, June 6, 1944.

All over America newspaper crews awoke to jangling telephones and prepared to get out the long-awalted Extra.

As I look over the Invasion Story now pouring in on the teletype I Huge Fleet Lands Soldiers, Screened by Chemical Fog

Supreme Headquarters, Allied Expeditionary Force, June 6—(P)—American, British and Canadian troops landed in northern France this morning launching the greatest overseas military operation in history with word from their supreme commander, Gen. Dwight D. Eisenhower, that "we will accept nothing except full victory" over the German masters of The invasion, which Eisenhower called "a great crusade," was announced at 7:32

m. Grenwich Mean Time (3:32 a.m., Eastern War Time) in this one-sentence com "Under the command of General Eisenhower, Allied naval forces suported by strong air forces began landing Allied armies this morning on the northern coast of France.
